**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I love my local Internet provider OmSoft in Davis, CA. Great service from knowledgeable and responsive people. In the past I've used ATT and Comcast and I had bad experiences. Have you tried to talk to a support rep from the big guys? It's awful. Run-around after run-around. No thanks!

I've got great Internet service from a local provider thanks to competition over Unbundled Network Elements (Copper Pairs) of the Telephone Network.

Please keep competition! I support more competition in the Internet access market, not Less. Newer technologies and privacy protections are important to me, and those are delivered by local community Internet access operations.
